“ I will miss watching our shows together and practicing magic tricks on you. I will miss our gambling trips with Aunt Deb and Mom. I will miss our handshake we would do before every ball game and every time I left. I will miss just spending time with you, you were such a terrific person. You always said that we were the same... I hope you are right because you were "strong like bull" and a caring person. I will try and take solace in that you are with Pops and Mom now but I will miss you. I love you very much Meme, you have left an everlasting impact on me and I could never forget. Please tell Mom and Pops I love them and I miss them very much.

“ Although I only had the privilege of sharing a small portion of your life, it was an honor during that time to call you "Mom". I could never thank you enough for bringing your daughter Debra, my lovely wife, into this world. And I promise to take care of her for you all the days of my life.

Mom, as I have come to know, you had quite a journey through this life, with many ups and downs along the way. Through it all, you were a pillar of strength and perseverance for your family.

You fought a valiant fight the last few months against many health issues and the sorrow of losing your youngest daughter Karen. In typical fashion, you battled on till your last breath. And now you are back together with Hank, Karen, and all of your loved ones that preceded you into the afterlife. Rest in peace, in the arms of our Lord, for you have earned it! Love always, until we meet again.

Your Son-in-law, Andy

“ *Mother my life changed for ever last night. I now have to learn to live without the person who brought me into this world. Although my heart is broken, and the tears won't stop flowing right now, my memories of you will bring me peace in time.*

I cherish the last 8 months we spent under the same roof once again. I never minded the role reversal and doing for you what you once did for me. It's what is owed for the unselfish love, patience, and sacrifices a parent makes for their child.

There won't be a day I don't think of you, and there won't be a day I don't miss you, and there will never be a day I don't love you!!! Until our spirits unite again.

“ Although I cannot see you,
I feel your presence near.
I will hold you close in memory,
Till I drop my very last tear.

So sleep now with the angels,
And your golden heart let rest.
Although our hearts are broken,
We know GOD took the best.

So dance beyond those golden gates,
And join your loving mum. And say Hi to mine
I'll see you when I'm sleeping,
And pray for you to come.

And although this pain is painful,
And I really don't wanna let you go.
I'll wait for death to take me Meme,
So we can together one day glow.

Until that day I'll close my eyes,
and see your smiling face.
I'll lock you up inside me heart,
Until we again embrace.

So rest now my beautiful Meme,
I'll never forget how much you have done.
So until my hand meets yours again,
Sleep now in the sun.

Say Hi to Mom and Pops for me tell them I love them I love you too.

love your favorite grandson (lol)
