“ *Uncle Art,*

Another memory I have of you was at the Schmitt picnic. It was another memory I hold close to my heart because you and all of your brother's, sisters and my cousins would get together and just talk, laugh and have fun. I am blessed by this memory and I will cherish it forever.

Love your niece,

“ Uncle Art,

When I was little I had a Yorkshire Terrie named Hansel. As soon as you would walk in our house Hansel would run up to you and you would call him Knuckle Head. Hansel would follow you all over our house. My sisters and I would laugh when you called Hansel Knuckle Head and we would say: Uncle Art his name is Hansel not Knuckle Head. Hansel was just a little tiny ball of fur and you would say he looks like a Knuckle Head. It was so funny and a memory I know my sisters and I will never forget.

“ Uncle Art,

My fondest memory of you was the time we shared at parties at our house, Christmas Eve at Aunt Mil's and a special day each year we all got together for a Mass in memory of your mom and dad then later going to grandpap's house for donuts, coffee and a special meal. It was so nice because I was able to get to know and love all of my Aunt's, Uncle's and Cousins. My dad was your biggest supporter and for 8 years he made sure you were always happy, well taken care of and wanted to be the best brother possible, which he was. Uncle Art I will always cherish the time we spent in the hospital when you became sick. My dad would visit with you and sit with you and also made sure in the hospital you got the best care. I am also blessed because Tom and I were with you when you passed away. You were not alone, I was just talking with you non stop then my husband Tom said I don't think he is breathing anymore. We called the nurse then she called the doctor and they confirmed that you had passed away. I know in my heart you were listening to me and that gave me peace.

I will miss you Uncle Art,

Love your niece,
