“ Dear Karen and Family:

Karen and I were very saddened to learn of David's passing. He and I spent a lot of fun "cousin" times together as kids and I always had great affection for him. We didn't see you guys very often in recent years but each time it was enjoyable. As others have noted, he had a never-ending supply of jokes (some better than others!) and added some welcome levity to any occasion. We will miss him.

Our deepest sympathy to you and your family.

“ Dear Karen and family,
My thoughts and prayers are with you at this extremely difficult
time. He was like a "2nd husband " to me after 17 years of harassing
each other in a loving way. I am sorry, I will not be able to visit with
you because of this lousy storm. Thank goodness we have such
precious memories that will never be taken away from us. The
Evans City doors will always be open to you if you ever need
anything. Love, Bev Sacripant

“ Dr. A., We didn't realize until we read your obituary that back in 1971 when us two young pups started seeing you that we were putting our mouths in the hands of another young pup who had just graduated from dental school. Excuse me but . . . holy crap!!! Forty-four years later, we know it was one of the best decisions of our lives. You gave us our smiles and made us smile, but we're not smiling today. We have lost a great dentist and an even greater man. You were taken from us far too soon. Rest in peace. Until we meet again, you'll remain in our hearts. Our sincerest sympathy to Karen and your family. "Saint" Linda & "Old Man" Harry
