“ I first met Mike about 10 years ago at North Park Golf Course where I routinely joined his golfing team of Scotty, Godfrey and numerous others over the years. It was always a pleasure to play with Mike as he had a golf acumen like none other! While he could not hit the ball as long as some of his many golfing buddies, from 100 yards in he was deadly as I remember many times he was the recipient of the "dimes" that was formally in the pockets of Scotty and Godfrey. And sadly when Scotty died, Mike was there along with our other golfing buddies to say a formal farewell to Scotty's two daughters and his memories. At that service was where my wife (Italian and Croatian) met Mike. And long thereafter we would discuss Serbian-Croatian issues as well as how great YSU was as compared to my alma mater Clemson! And goes without saying that Mike was most elated when we talked about his family, and his love of taking them to Mexico and on other family vacations. I will always fondly remember my friend who had such a unique golf swing and sense of being that he was always revered and immensely enjoyed by all who he met at North Park, and I am sure beyond this golf course boundaries. Farewell my friend and golfing buddy.
