“Grandpa,
There are way too many beautiful memories that we have made together over the years for me to just pick one. I will, however, never forget the way you always lit up when I would first walk in the door and give you a huge squeeze. Those hugs we shared always made both of our days and I cannot wait for our next one. I think I can speak for everyone when I say you have left a lasting impression in all the lives that have had the priveledge of knowing you. Your wits, your undivided love for your family and friends, the passion you had for your art, God, and everyone around you; none of this had gone unnoticed and none of this will ever be forgotten. Now may you rest with the angels and all of your loved ones that had gone before you. Keep watch over us and know that we will all carry you in our hearts each and every day. I love you forever and always.

“Grandpa, I remember when you would come up from Texas and we always set the table to look extra fancy for our dinners with you and Grandma. I remember one year I even made menus for our special meal together. I am sure that glitter glue was involved. You got the V.I.P. treatment because you were, and are, so special to me. I love you.
