“ A great, dear friend of mine. I was driving back from Florida to have dinner with Bill when I received the news. Devastating. We taught AP and ran Cum Laud Society together for twenty years. Intelligent, with a wicked sense of humor, Bill will be missed by everyone who ever had the pleasure of meeting him. Rest in peace, my brother.

“ All of the answers to the mysteries of the Universe are buried deep within ourselves, and Mr. Santee was the first authority figure in my life who encouraged me to go there, even applauded me for wanting to take the journey through my soul's interior. He let us follow our Selves into knowledge while gently guiding us when we needed it. I will miss knowing he is in this world enjoying life, but I look forward to deep conversations with him along the mist filled paths of the Otherworld when my time comes. Until we meet again...

consist of arriving at a new destination where a person gains what he did not have, or becomes what he is not. It consists in the dissipation of one's own ignorance concerning one's self and life, and gradual growth of that understanding, which begins a spiritual awakening. The finding of God is coming to one's self.

“ Bill was a unique and special man. He taught me to love and accept the person I am. He was intelligent, caring, and witty, to name only a few of his special characteristics. His generous spirit will live on in so many. I cherish the time I had with him and pray for Joe and all of his family and friends. Bill will never be forgotten!
